Under the authority of the *Pest Control Products Act*, Health Canada's Pest Management Regulatory Agency (PMRA) has added new uses on bushberries (Crop Subgroup 13-07B) to the product label of Assail 70 WP Insecticide, containing technical grade acetamiprid. The specific uses approved in Canada are detailed on the label of Assail 70 WP Insecticide, *Pest Control Products Act* Registration Number 27128.

A corresponding maximum residue limit (MRL) for the crop subgroup was proposed in the consultation document published on 18 November 2010, Proposed Maximum Residue Limit PMRL2010-62, *Acetamiprid*. The PMRA received no comments in response to this consultation.

To comply with Canada's international trade obligations, consultation on the proposed MRL was also conducted internationally by notifying the World Trade Organization, as coordinated by the Standards Council of Canada. No comments were received as a result of the World Trade Organization consultation.

The following MRL takes legal effect as of the publication date of this document and is in addition to the MRLs already established for acetamiprid.

Established Maximum Residue Limit for Acetamiprid

Common Name	Residue Definition	MRL (ppm)	Food Commodity
Acetamiprid	(<i>E</i>)- <i>N</i> -[(6-chloro-3-pyridinyl)methyl]- <i>N</i> '-cyano- <i>N</i> -methylethanimidamide	0.6	Bushberries (Crop Subgroup 13-07B)

MRLs are established for each commodity included in the bushberry crop subgroup in accordance with Appendix I.

A complete list of all pesticide MRLs established in Canada can be found on the Maximum Residue Limits for Pesticides webpage in the Pesticides and Pest Management section of Health Canada's website.

Appendix I

Crop Groups: Numbers and Definitions

Crop Group		Crop Subgroup		Food Commodities Included in the Crop Subgroup
No.	Name	No.	Name	
13-07	Berry and small fruit	13-07B	Bushberry	Aronia berries Buffalo currants Chilean guava Currants Elderberries European barberries Gooseberries Highbush blueberries Highbush cranberries Honeysuckle Huckleberries Jostaberries Lingonberries Lowbush blueberries Native currants Salal berries Saskatoon berries (juneberries) Sea buckthorn
